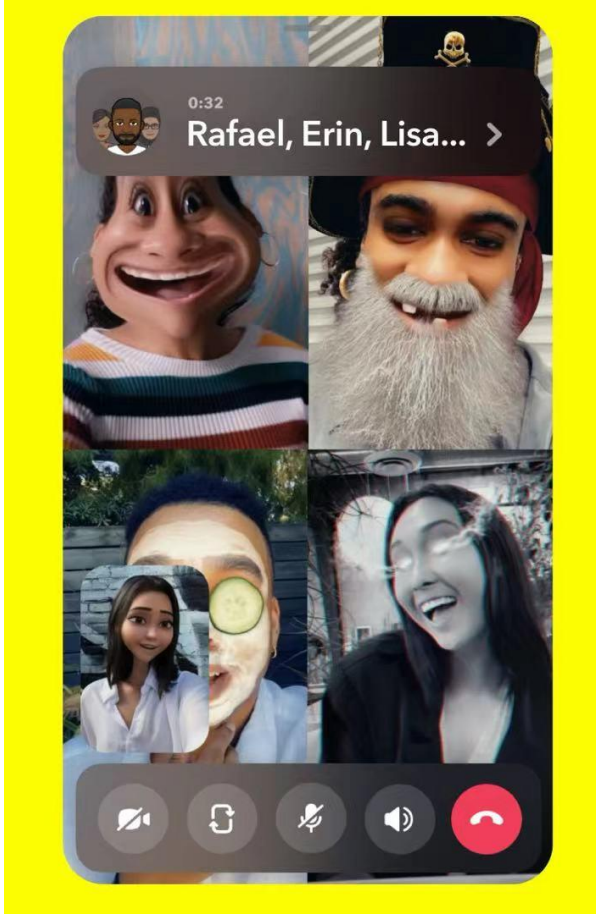
A simple AR work by the use of Effect Creator

Yifei Shen



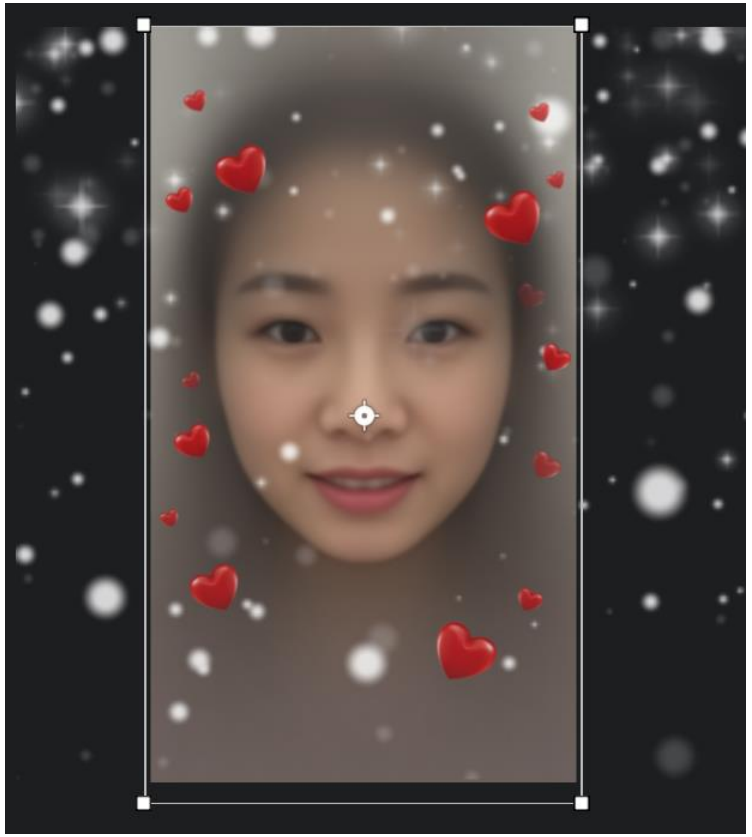
Introduction

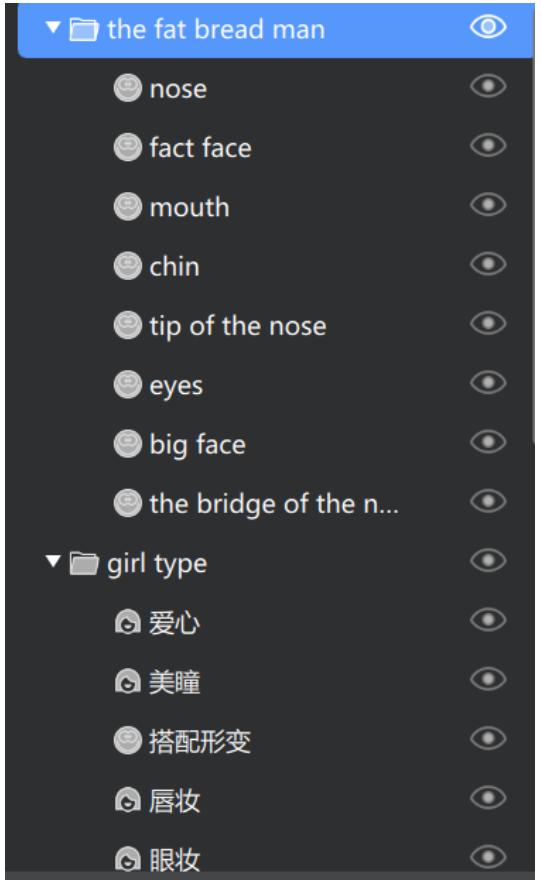
Widely use

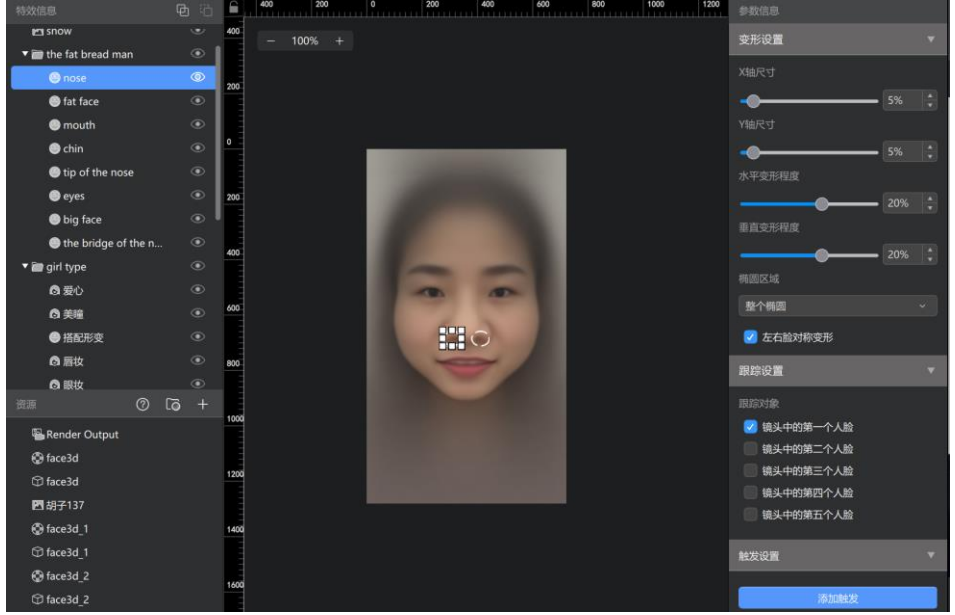
My own work

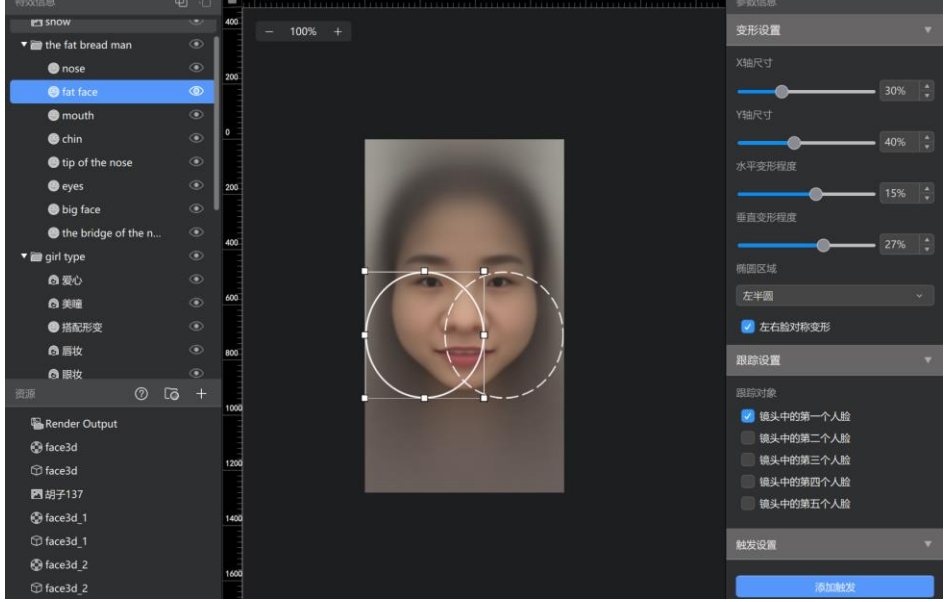
Design

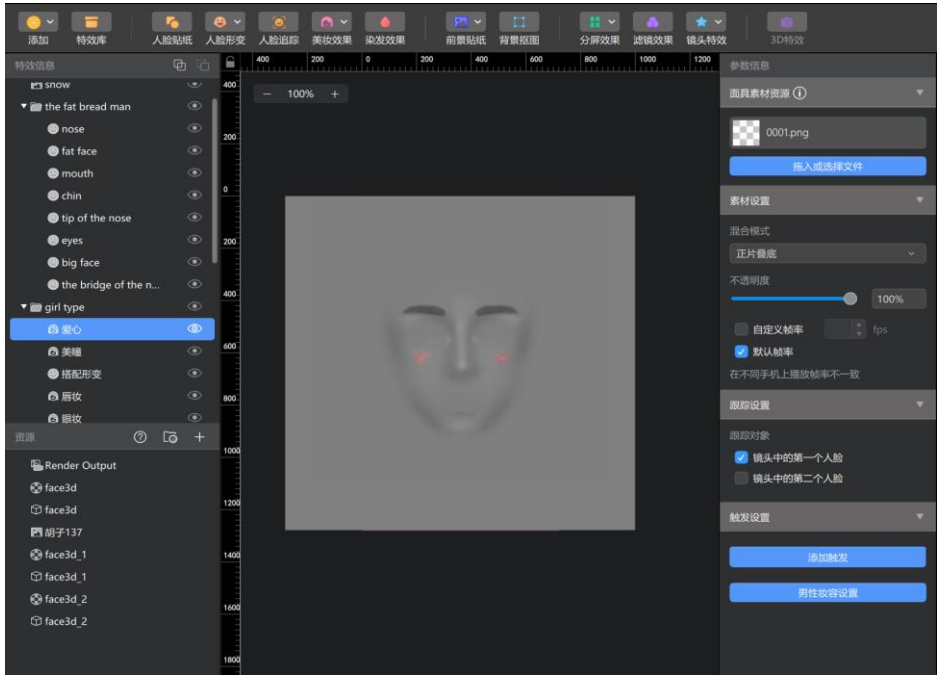
1. Effect creator
2. Choose a model
3. Make 3D textures
4. Make detailed adjustments

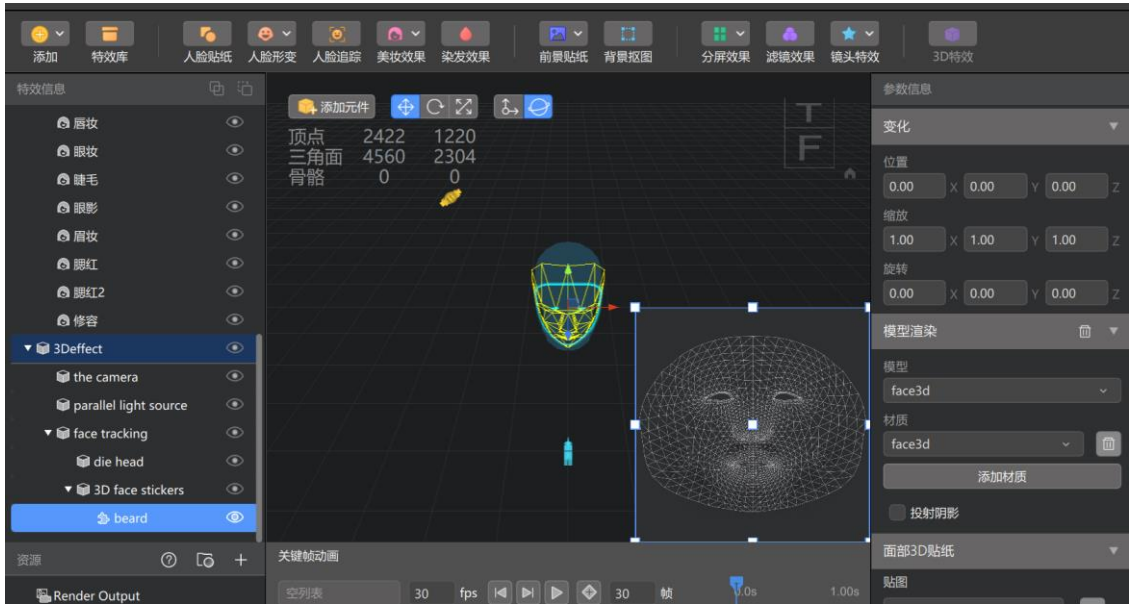






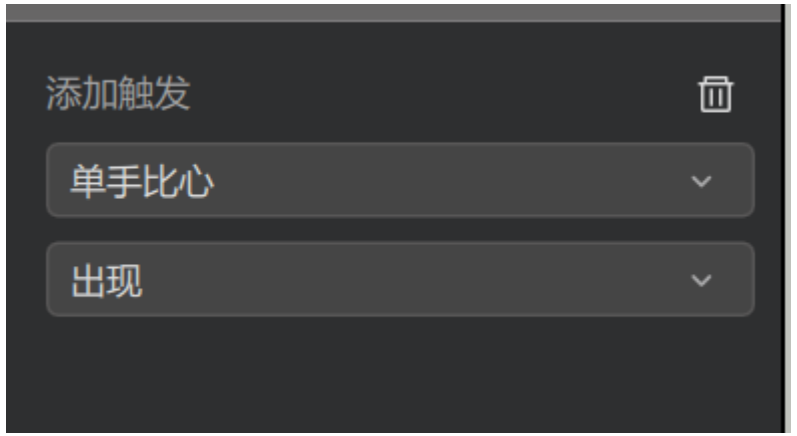


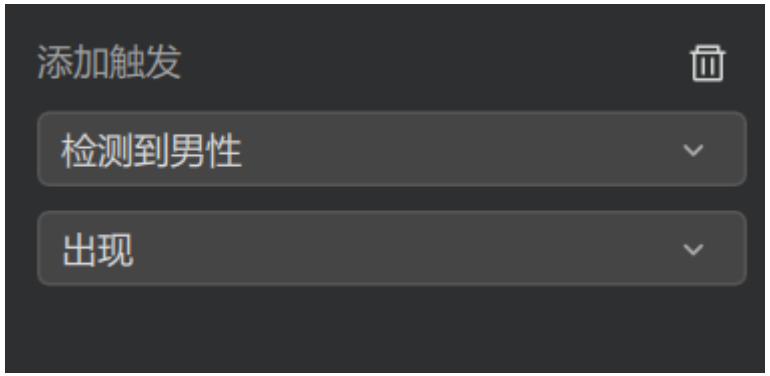




Design

1. Effect creator
2. Choose a model
3. Make 3D textures
4. Make detailed adjustments
5. Set trigger conditions





6. Set the playing time

Results

Handbook of ‘beard effect’

For girls,

1. Once you appear on camera, you'll have a beard and girly makeup
2. Open your fingers, then there will be snow
3. Make a finger heart, then the hearts will fly all over the screen

For boys,

1. Once you appear on camera, you'll have a beard and fat face
2. Open your fingers, then there will be snow
3. Make a finger heart, then the hearts will fly all over the screen
